This side is for grade 1 and 2 students.

## EDITING

We have been reviewing the use of capitals, word spacing and periods. Read the note below with your child and do the following:

- Draw lines between words that no word spacing between them
- Add capitals where they belong (beginning of sentences, names of people, special days, and places)
- Remove capitals from the middle of words or sentences
- Figure out what punctuation to use and where to place it within a sentence.

Dear class,

I am so happy that our families will

Be celebrating thanksgiving do

you have any special plans what

Will You Do

From,

mrs. navarro

It was a pleasure meeting with you during last week's Open House!

1. Assessments: Most of you received a snapshot of how your child is doing so far and some end-of-year goals in math and language. Please continue to work on those skills that were listed, particularly in the area of reading.
2. Homework Mea Culpa: It was brought to my attention by a few parents that one of the growing patterns didn't make sense. My sincere apologies! It wasn't meant to be a trick question!
3. Teacher Candidate: A student teacher, Ms. Gregson, from Lakehead University, will be joining our classroom. She will be conducting weekly observations on Wednesdays during the month of October, and will then join our class full-time from November 12 - December 7.
4. Food Drive: Your SCD Social Justice team will be starting their WE Scare Hunger Food Drive on Tuesday October 2nd and will continue it through to the end of the month.
5. Thanksgiving: There are no classes on Monday, October 8th.
6. Spelling Tests: These will begin mid to late October. The words will be listed weekly in this newsletter on the reverse side. They will also be made available on the class website. The purpose of the tests is to help students understand the importance of spelling, and to make analogies to known words. They will not be used in the calculation of language marks.
